

Sprint 3 Plan

Product Name: Service Center Team Name: Service Center Team Sprint Completion Date: February 8, 2025 Revision: 1.0 Revision Date: January 28, 2025

Goal

Complete flow of the application from logging in to getting a job.

User Stories and Tasks

US3.1: As a Homeowner I want to message the person I just hired to do a job so they know what I want them to accomplish and they can ask questions about the task [7 points]

- Task 1: Search through users only when typing in a username (hours: 1)
- Task 2: Enable image sharing (hours: 2)
- Task 3: Fix bug with messages only showing most recent message not the whole chat (hours 1)
- Task 4: General testing of messages (hours: 2)
- Task 5: Message should send a notification (hours: 1)

US3.2: As a consumer, I want to rate a service to let others know if it's worth paying for. [11 points]

- Task 1: After marking a post as completed, redirect user to rating view (hours: 1)
- Task 2: Create ratingView where a user can rate a service (hours: 2)
- Task 3: Implement rating system (hours: 5)
- Task 4: Edit ProfileView to have a section that shows a limited amount user's rating (hours: 1)
- Task 5: Create rating card template and make view to display all a user's reviews (hours: 2)

US3.3: As a user, I want to favorite or bookmark a service so that I can revisit it later [13 points]

- Task 1: Implement saved post UI (hours: 2)
- Task 2: Add functionality for saving a post (hours: 2)
- Task 3: When creating a post a user should be able to add a price for a job (hours: 1)
- Task 4: Filter posts based on offered price and username (hours: 4)
- Task 5: Users should be able to save posts for later. (hours 3)

- Task 6: Users should not put a price down so that service providers can set the price instead of the post creator (hours 1)

US3.4: As a Friendly Neighbor I want to find job postings that match my preferences [6 points]

- Task 1: Add hashtags (or something similar) in the create post view (hours 1)
- Task 2: Searching for a hashtag should find a specific post. (hours 1)
- Task 3: Posts should only show up on the feed based on location so a user can see posts in there area (hours 4)

US3.5:As a service provider, I want a profile with a skills section [4 points]

- Task 1: add skills section to profile (hours 2)
- Task 2: connect button under profileview to actual skills display (hours 2)
